Let Eye Donation become your Family Tradition

In the event of death: • Keep the death certificate ready • Contact nearest eye bank as soon as possible • Switch off fan. If possible switch on AC • Close the eyelids & put wet cotton on them • Put two pillows under the head of the donor

Facts about eye donation • Decision to donate eyes can be taken by kith and kin, it does not require prior approval of the deceased • Donating eyes doesn't disfigure the body of the deceased • Even those with poor eyesight & cataract can be donors • Eye donation must be completed within six hours of death. The only consequence of eye donation is a blind person blessing the soul of the departed for the gift of vision.

Cornea transplants carried out in association with

Spectacles • Sunglasses • Contact Lenses
